

Third announcement

Baltic Symposium on Cardiorenal syndrome 20th -21st September 2021

We would like to invite you to a **virtual symposium** in cardiorenal medicine. The symposium reflects current research and development in a joint collaboration between Lithuania, Latvia, Estonia, Poland and Skåne University Hospital, Sweden, including both nephrology and cardiology.

20th September, 14:00 – 17:00 CET; Place: Zoom meeting

Chair: *Anders Christensson and Marius Miglinas*

- | | |
|---------------------|--|
| 14:00- 14:10 | Welcome. The idea of coming together. <i>Anders Christensson, Peter Nilsson</i> |
| 14:10-14.30 | Cardiovascular biomarkers in kidney failure. <i>Martin Magnusson</i> |
| 14:30- 14.50 | Visceral adiposity and chronic kidney disease. <i>Marius Miglinas</i> |
| 14.50 -15:00 | Short break |
| 15:00- 16:00 | 8+5min Graphical poster presentations (8 min presentation + 5 min discussion) <ol style="list-style-type: none">1. <i>Tartu</i>. Obesity and vascular calcification in CKD patients. <i>Jana Uhlino</i>2. <i>Gdansk</i>. Fatty Acid Profile in Chronic Kidney Disease Major Features and Potential Consequences. <i>Michal Chmielewski</i>3. <i>Malmö</i>. Ethnicity and renal function. <i>Christopher Nilsson</i>4. <i>Riga</i>. Renal Functional Reserve: in pursuit of a better assessment method. <i>Nadezda Sersnova</i>.5. <i>Kaunas</i>. Relation of hyperhydration and body composition for left ventricular hypertrophy in dialyzed patients. <i>Andrejus Bura</i>6. <i>Tartu</i>. <i>To be announced</i> |
| 16:15- 16:25 | Short break |
| 16:25- 16:45 | Heart-kidney crosstalk: what is the role of biomarkers in the detection of cardio-renal injury? <i>Zbigniew Heleniak</i> |
| 16:45 | Closing remarks. Discussion. |

21st September, 14:00 – 17:00 CET; Place: Zoom meeting

Chair: *Peter Nilsson and Aivars Pētersons*

14:00- 14:15	Hypertension and renal damage. <i>Karl Dreja</i>
14:15- 14:35	Cardiorenal Syndrome: Bench to Bedside Perspective. <i>Aivars Pētersons</i>
14:35-14:50	Kidney-Heart-Brain in dialysis patients. <i>Dag Eckersten</i>
14.50-15.00	Short break
15:00-15:20	Urinary filtration quality (SPS) and heart disease. <i>Anders Christensson</i>
15:20- 16:20	8+5 min Graphical poster presentations (8 min presentation + 5 min discussion) <ol style="list-style-type: none">1. <i>Malmö</i>. Shrunken Pore Syndrome and Mortality in the Population Based, Malmö Diet and Cancer Cohort. <i>Liana Xhakollari</i>2. <i>Vilnius</i>. Cardiovascular Outcomes, Arterial Stiffness, and Kidney Function: Data from Lithuanian High-Risk Cohort (LitHir). <i>Ligita Ryliskyte</i>3. <i>Gdansk</i>. Mortality and cardiovascular risk factors among children on renal replacement therapy- based on Polish Registry of Renal Replacement Therapy in Children. <i>Ilona Zagodzdon</i>4. <i>Kaunas</i>. Noninvasive cerebrovascular autoregulation and brain oxygenation monitoring during hemodialysis. <i>Vaiva Sarkeviciene</i>5. <i>Malmö</i>. Epidemiological, mechanistic and genetic aspects of arterial stiffness in the population. <i>Mikael Gottsäter</i>
16:20- 16:30	Short break
16:20- 16:35	Early vascular ageing and kidney function. <i>Agne Laucyte-Cibulskiene</i>
16:35	Closing remarks
16:40- 17:00	Faculty discussion. Future collaboration options. Chair: Peter Nilsson (1-2 representatives from each clinic, separate zoom-link follows)

Registration is open until 15th September 2021. Please register by sending an e-mail to agne.laucyte@gmail.com or anders.christensson@med.lu.se
